

U3A Garden Group Bacchus Marsh

October 2019 Activity –Visiting Lambley Gardens and Nursery in Ascot

Just outside of Ballarat is a hidden gem. A beautiful garden appears much like an oasis of delight in the middle of the Victorian goldfields. A picture-perfect farmhouse sits nestled amongst some simply stunning displays. Lambley Nursery is David Glenn's labour of love. David and his artist wife Criss Canning have molded the property into what it is today. Open to the public, you can wander amongst a variety of gardens and easily find something that will ignite some inspiration. The nursery has huge range of hardy plants, seeds and bulbs.

Nursery Address: 395 Lesters Rd, Ascot VIC 3364
